LinkedIn

KEY ACHIEVEMENTS

Leadership Roles:

Held the position of Student Head for several committees, showcasing leadership and organizational skills.

Workshop Participation:

Actively engaged in high-impact workshops like "Multicon-W 2023 (Python workshop)" with 30 hours of commitment, which demonstrates a deep investment in technical growth.

Research Paper:

Contributed to a research paper for UHV with significant time dedicated (35 hours), showing initiative in academic and research-oriented work.

Blockchain and AI Bootcamps:

Completed bootcamps and training on trending technologies like Blockchain and AI, which highlight a focus on emerging fields.

EDUCATION

Thakur College of Engineering & Technology 10/2022 - 09/2025
Shaymnarayan Thakur Marg Thakur Villaige
Samata Nagar Kandivli (E) Mumbai 400 101

Bachelor of Engineering - BE, Mathematics and Computer Science

Thakur College of Engineering & Technology
Shaymnarayan Thakur Marg Thakur Villaige
Samata Nagar Kandivli (E) Mumbai 400 101

Date period

Degree and Field of Study

SUMMARY

Proficient in using Unity for game development, including expertise in C# scripting, 3D and 2D asset integration, and animation handling. Skilled in creating responsive, user-centered interfaces, optimizing performance, and implementing physics-based interactions. Experienced in version control (Git), debugging, and collaborating in agile environments to deliver seamless, immersive game-play experiences.

EXPERIENCE

Thakur College of Engineering and Technology

Mumbai, India

As a Student

2022 - 2026

Company Description

Workshops & Training:

Attended various workshops and seminars covering topics in programming, artificial intelligence, blockchain, and software tools relevant to game development and simulation, which often rely on Unity.

Project Experience:

Participated in practical workshops and activities, like Python workshops and a Java essential training, which build foundational knowledge useful in Unity scripting and asset management.

Cross-Disciplinary Skills:

Exposure to natural language processing, AI/ML seminars, and AWS Cloud, which enhances skills for Unity applications in AI-based and online multiplayer games.

Blockchain Bootcamps:

Completed blockchain bootcamps, which adds value for Unity projects incorporating blockchain technologies or Web3.

Resume Building & Professional Seminars:

Improved personal branding and presentation through resume-building workshops, which helps in conveying Unity experience professionally to potential employers.

KEY ACHIEVEMENTS

- **SQL 3-Star Badge on HackerRank:**
Achieved a 3-star SQL badge, indicating a recognized level of proficiency in database management.
- **Extracurricular and Professional Development:**
Describe what you did and the impact it had.
- **Extracurricular and Professional Development:**
Accumulated over 100 hours in workshops, conferences, and seminars, showing commitment to continuous learning and professional growth.
